

## **Beech Grove City Schools Student Device Protection Plan**

Because we understand that accidents do happen, we have created an opportunity to help defer costs for damaged screens, keyboards, case, cables, etc. The Device Protection Plan costs **\$27 per student per school year**. Families are strongly encouraged, but not required to participate in this protection program.

Families who choose not to participate in the Student Device Protection Plan are responsible for all repair or full replacement costs of the device that are listed below.

### **TERMS AND CONDITIONS**

The Student Device Protection Plan is effective on the day payment is received and will remain in effect until the next school year or the date the student withdraws from BGCS, whichever occurs first. Policies purchased at any time between those dates will terminate on the first day of the following school year.

The Student Device Protection Plan may be purchased anytime during the school year and will cover repairs made from the date of payment forward. Student devices will need to be inspected by the tech department before the protection plan takes effect.

### **COVERAGE COST & REPAIRS/REPLACEMENT COSTS**

The Student Device Protection Plan may be purchased through the BGCS/K-12 Tech Protection Plan portal for **\$27.00 (non-refundable)** per year by the parent/guardian. A Student Device Protection Plan purchased mid-year will not be prorated.

The Student Device Protection Plan covers up to three incidents of damage to the Chromebook/iPad per policy period. The first three incidents will have a zero dollar charge. Each breakage incident starting with the fourth incident will result in the regular full repair charge being issued, \$30. (see Device Use Agreement)

BGCS will cover the cost of repair of the covered device to include parts and labor. This will cover up to 3 incidents. If the device cannot be repaired, an equivalent replacement of BGCS's choosing will be provided. If a replacement device is provided, this coverage will transfer to the replacement device for the duration of the policy. While a student's device is being repaired the student will be issued a loaner device. The policy will cover the loaner device until the student's original device is returned or a permanent replacement device is issued.

## REFUNDS

There will be no refunds. If a student is unenrolled from BGCS for any reason, the Student Device Protection Plan will not be refunded. If a student withdraws from BGCS and then re-enrolls later in the same school year, the Student Device Protection Plan will be reinstated until the expiration date of the original policy period.
